## **FINAL REJECTION**

### ***Status of the Claims***

Claims 18-20, 22 and 23 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Claims 1-8, 10-15, 21 and 24 are allowed.

### ***Claim Rejections - 35 USC § 101***

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 18-20, 22 and 23 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. Claims 18-20 are not limited to tangible embodiments. In view of Applicant's disclosure, Specification page 15, lines 4-7, the medium is not limited to tangible embodiments, instead being defined as including both tangible embodiments (e.g., the hard disk or tape described on page 14) and intangible embodiments (e.g., a computer data signal embodied in a carrier wave). As such, the claim is not limited to statutory subject matter and is therefore non-statutory.

### ***Response to Arguments***

Applicant's arguments filed 12/6/05 have been fully considered but they are not persuasive.

Art Unit: 2113

Applicant argues, on pages 8-9, that the newly amended claims 18 and 19 obviate the previous rejection under 35 USC 101. The examiner disagrees. The computer program product in the previous claims was already contained on a computer readable medium. Merely adding a computer useable medium with computer readable code does not alter the fact that the specification details both tangible and non-tangible embodiments for the computer readable/useable medium (see above rejection). Appropriate correction is required to limit the claimed program product to only tangible embodiments.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
